## **Welcome to CORA Calgary Classic IX!!!**

A huge welcome to the participants in this year's CORA Calgary Classic! Now in our 9th year!

We have teams from three different provinces at this year's tournament which is a great sign that word of this tournament is starting to spread. Let's keep that going.

These are tough economic times for a lot of people. We really appreciate all of the teams that come and make this event possible. Costs for sports like ringette keep rising and teams have to make choices as to where they are going to play. The fact that you chose our tournament makes us even more appreciative of all of you!!

The economy definitely makes things tough for the tournament too. We are in search of tournament sponsors again. Both major and minor. So if anyone out there has a company, or has connection to a company that would like to become a sponsor of this great tournament, please have them contact me. Its only because we have a great tournament committee that we are able to run the type of tournament we do, at the costs we do it at.

As always, I truly appreciate all of the comments and feedback that I get from the teams each year. It means a lot to us on the organizing committee that we're providing a weekend for everyone to compete and have fun. We look forward to bringing more of this to you for years to come!

**GOOD LUCK AND HAVE A GREAT WEEKEND!!**

Eric Forst

## **[1] Round Robin Team Standing Rules**

**POINT STRUCTURE** – During the round robin, **games tied at the end of regulation time shall end in a tie. Teams receive three (3) points for a win, and 1 point each for a game that ends in a tie.**

At the completion of round robin play, teams will be ranked according to the total points in all games played within their pool. **For the 2019 Tournament, the 1<sup>st</sup> place team in each Divisions' pools will advance directly to that Division's Semi-Finals.**

### **[1.1] Breaking of Ties in Team Standings within a Division Pool**

#### **NOTE:**

- *Regardless of game score, only a **SEVEN** goal difference will be credited in applying these rules.*
- *Each step of the tie breaking rules in sequence from 'A' to 'J' shall apply to all teams involved in the standings tie, until a 1<sup>st</sup> place team in given pool can be established.*

**When two or more teams have an equal number of standings points after round robin play in the same pool, the teams will be ranked within their pool according to the following rules:**

**A.** In cases where the tied teams have played an equal number of games against each other, the **winner of more game(s) between the tied teams during the round robin** will be declared the highest position.

**B.** If still tied, teams shall be ranked according to the difference between goals for and against in **games between the tied teams in round robin play**. The team with the **highest positive difference** shall be ranked highest, the team with the second highest positive difference shall be ranked next, the team with the third highest positive difference shall be ranked next, etc.

**C.** If still tied, teams shall be ranked according to the **least goals against** in games **between the tied teams** in round robin play. The team with the **least goals against** shall be declared the highest position, the team with the second least goals against shall be next, the team with the third least goals against shall be next, etc.

**D.** If still tied, teams shall be ranked according to the difference between **goals for and against in all games played in the round robin**. The team with the **highest positive difference** shall be ranked highest, the team with the second highest positive difference shall be ranked next, the team with the third highest positive difference shall be ranked next, etc.

**E.** If still tied, teams shall be ranked according to the **least goals against in all games played in the round robin**. The team with the **least goals against** shall be declared the highest position, the team with the second least goals against shall be next, the team with the third least goals against shall be next, etc.

**F.** If still tied, teams shall be ranked according to the **highest ratio** of goals for divided by the sum of goals for plus goals against for games **between the tied teams** in round robin play. The team with the highest ratio shall be ranked highest, the team with the second highest ratio shall be ranked next, the team with the third highest ratio shall be ranked next, etc.

**G.** If still tied, teams shall be ranked according to the **highest ratio** of goals for divided by the sum of goals for plus goals against **for all games** played in the round robin. The team with the highest ratio shall be ranked highest, the team with the second highest ratio shall be ranked next, the team with the third highest ratio shall be ranked next, etc.

**H.** If still tied, teams shall be ranked according to the **least total penalty minutes** for all games played in the round robin. The team with the least penalty minutes shall be declared the highest position, the team with the second least penalty minutes shall be next, the team with the third least penalty minutes shall be next, etc.

**I.** If still tied, teams shall be ranked according to the **time required to score their first goal** for all games played in the round robin. The team scoring the earliest goal shall be ranked highest, the team scoring the second earliest goal shall be ranked next, the team scoring the third earliest goal shall be ranked next, etc.

**J.** If still tied, teams shall be ranked by a coin toss.

## **[2] Breaking of Tie Scores in Tournament “Finals” Games**

- If a game is tied at the end of a **SEMI-FINAL OR GOLD MEDAL FINAL GAME**, the teams will immediately play two five (5) minute stop time, SUDDEN VICTORY, 5 on 5 (plus a goaltender) periods.

Possession of the ring will be decided by a coin toss in the first overtime period and the other team will receive the ring for the start of the second overtime period.

- If no goals are scored in the overtime periods, a three player shootout will be used to determine a winner. Should teams remain tied at the end of the best of three shootout, one additional player from each team will shoot until a winner is determined. One player may not shoot more than once in a shootout unless all players on the team have shot once.
